RFP#FIN2020-02**

QUESTION/ANSWERS – ADDENDUM#1

The following questions by potential proponents have been asked. Answers to each question are in red italics.

1. What is the budget for this project?

We are not giving out the budget allowance as this is part of the reason for requesting the RFP. The budget we have set may not be set accurately so once we receive the RFP's we might have to make adjustments accordingly.

2. The time frame in the RFP says completion of work in 3-4 weeks from time of award, is this time frame flexible?

The District is flexible on this time frame as there is always the possibility of hold up with products.
